## NATIONAL POULTRY IMPROVEMENT PLAN HATCHERIES

## PRODUCING FOR SALE

## U.S. CERTIFIED HATCHING EGGS AND CHICKS

(March 15, 1943)

Through the Victory Cockerel Campaign hatcherymen are being urged to head all their supply flocks with males of U.S. Certified or better breeding as a means of increasing egg production in 1944. This list is prepared for the purpose of assisting hatcheries in locating sources of cockerels of the recommended quality. For sources of U.S.R.O.P. hatching eggs and chicks, refer to A.H.D.No.35, U.S. Record of Performance Breeders Participating in the National Poultry Improvement Plan. These publications are available to anyone without cost upon request to the Bureau of Animal Industry, Washington, D. C.
